## DP300

**PORTABLE 88 NOTE WEIGHTED HAMMER ACTION DIGITAL PIANO.  
PERFECT FOR STAGE, SCHOOL OR HOME AT AN AFFORDABLE PRICE.**

The DP300 is a lightweight Digital Piano that features an 88 note weighted hammer action-keyboard for that professional stage piano feel, in a portable lightweight chassis that weighs in at only 12kg. 3 touch sensitive velocity maps are available to match with your playing style. Perfect for the progressive student that needs a full length weighted-keyboard for more advanced pieces with an expressive feel and dynamic sound.

### **SOUNDS:**

Enjoy a variety of essential sounds including grand pianos, electric pianos, clav's, organs, guitars, strings & bass.

### **LEARNING:**

60 Preset library songs with Lesson mode for Left & Right hand parts or complete performance lessons & practice.

### **ACCOMPANIMENT STYLES:**

Create real-time arrangements with interactive Piano accompaniment patterns in a variety of musical styles.

### **USB MIDI CONNECTIVITY:**

You can connect directly to your Computer for interaction with the plethora of Music Software Programs.

### **KEYBOARD MODES:**

The DP300 keyboard can be used in various modes Split, Layer, Dual & Transpose mode. You can perform with 2 different sounds for the Lower & Upper end of the keyboard or layered across the entire keyboard.

### **TRANSCOPE**

Allows you to play a familiar song in a different key without having to change your hand positions on the keyboard.

**Dual Mode** (Twinova) split's the keyboard in half & mirrors the same octave range on both ends of the keyboard, perfect for teaching.
