

# Tasman

Handcrafted from the finest woods using a combination of traditional techniques and modern technology, Tasman guitars are built to the absolute highest level of quality to ensure that they consistently deliver unparalleled sound and performance.

TASMAN 300 SERIES

## TA300-CE

### DREADNOUGHT CUTAWAY

**A classic dreadnought guitar. Features a Fishman® Presys+ EQ system for amplifying your performance, a cutaway for better access to higher frets and a stunning vintage burst tear drop finish.**

- Quintessential Dreadnought body shape, featuring a cut-away for greater accessibility to the upper frets.
- Solid Spruce top provides a defined and dynamic tone.
- Solid Mahogany Back and Layered Sides produce warm and rich overtones, with projection and definition that your dynamics control.
- Gloss Body with Satin Finish Neck, for maximum durability and ultimate playability.
- Vintage Styled Open-Gear machine heads with Bone Nut and Saddle for that classic, authentic touch.
- Fishman® Presys+ amp and Pick-Up system for amplified capabilities, with active EQ controls at your fingertips.
